TRACE AI 1200 F and TRACE AI 1200 F/GF Atomic Absorption Spectrophotometers

- Unmatched performance for flame and GF analysis
- Switchable single/double beam optics
- Automatic switch between all atomizers
- Transversely heated GF tube
- High GF heating rate (up to 3800K/s)
- On-line dilution for single standard calibration for flame system
- Universal XYZ auto sampler - Best of any AA
- Smallest footprint with big engine!

Description	Cat. No.	Each
TRACE AI1200 Atomic Absorption Spectrometer with Flame	CA11023-052	26,564.30
TRACE AI1200 Atomic Absorption Spectrometer with Graphite Furnace	CA11023-054	45,710.00

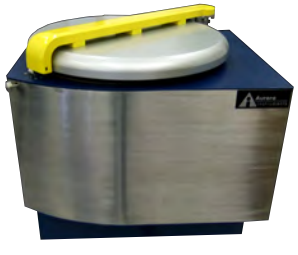
LUMINA 3300 Atomic Fluorescence Spectrometer:

- Sub-trace level determination of Hg & hydride-forming elements
- Linear dynamic range of 103
- Built in hydride/vapor generator and peristaltic pump
- Simultaneous dual channel measurement
- Compatible with autosampler

Description	Cat. No.	Each
LUMINA 3300 Atomic Fluorescence Spectrometer	CA11023-060	25,370.00

TRANSFORM 680 and MW TRANSFORM 800 Microwave Digestion Systems:

- Faster Processing Times
  - – Digestion (5-20 mins.) and cooling down (10-15 mins.)
- Reproducible Digestions
  - – With closed vessel digestion there is reduced sample and volatile elemental losses
  - – Atmospheric contamination is restricted
- Less Reagents Required
  - – Only 10ml required per sample, and there is no evaporation of sample mixture



Description	Cat. No.	Each
TRANSFORM 680 Microwave Digestion System	CA11023-062	21,275.00
TRANSFORM 800 Microwave Digestion System	CA11023-064	28,922.50

Special low pricing while quantities last!

Allegra® X-22R Centrifuges, Beckman Coulter®

This compact, benchtop centrifuge has a library of 11 rotors and is ideal for general research requirements. It occupies a narrow width of 46cm (18"), thinner than most standard-sized benchtop centrifuges.

The Allegra X-22R features CFC-free refrigerant. Set temperature is maintained when centrifuge is at rest. C-UL listed. CSA certified. Supplied with a manufacturer's one-year parts and labor warranty. Rotors and accessories sold separately.

Description	Cat. No.	Each

Purchase any of these Beckman Coulter Microfuges and register the unit for a FREE 2nd year warranty!

The Microfuge Family of Centrifuges by Beckman Coulter

When you need a powerful, compact, easy-to-use centrifuge, choose from our portfolio of microcentrifuges. All feature a maintenance-free, brushless induction drive, and high *g*-forces to quickly separate DNA, RNA, proteins or virus cells. Plus, all Beckman Coulter centrifuges are backed by our legendary service and support.

Buy any 3 Picus pipettes and receive a FREE charging carousel (89171-670)

Picus - The Red Dot design award winning electronic pipette from Sartorius Biohit

- New ergonomic design protects you from RSI and eases the workload in long pipetting series
- The lightest and smallest electronic pipette ensures optimal working posture and offers comfortable pipetting
- Electronic brake and piston control system guarantee accurate and precise pipetting results
- Intuitive user interface - adopt the main functions easily without the manual
- Unique electronic tip ejection
- Adjustment wheel offers ergonomic one-handed fast volume setting and easy menu navigation
